Poushika Sharma

Android Developer

✉ poushikasharma0@gmail.com 📞 8101214630 📍 Pune

Professional Summary

Android Developer with hands-on experience building Android applications using Kotlin, focusing on clean UI/UX, API integration, and scalable mobile architectures. Experienced in translating Figma designs into functional Android interfaces and collaborating across teams to deliver user-centric mobile solutions.

Professional Experience

Android Developer   03/2025 – Present
Bosch Global Software Technologies   Pune
• Worked on development of two Android applications using Kotlin and Android Studio.
• Designed and implemented UI/UX flows and screens based on self-created Figma designs.
• Integrated RESTful APIs to connect mobile applications with backend services.
• Implemented API calls and handled JSON data for dynamic UI updates.
• Maintained code using Git and followed structured development practices.

Full Stack Developer   03/2025 – Present
Bosch Global Software Technologies   Pune
• Built an end-to-end B2B order management platform covering order intake, inventory, production, logistics, and delivery workflows.
• Developed role-based dashboards and secure backend services, including RESTful APIs, data models, RBAC, and chatbot integration for streamlined operations.

Operations   09/2023 – 02/2025
Bright Life Academy   Kalimpong
• Developed strong organizational, communication, and coordination skills while managing multiple operational responsibilities.

Software Engineer Trainee   10/2022 – 05/2023
Bosch Global Software Technologies   Coimbatore
• Developed UI components for an internal web application, improving visibility into tasks and deadlines.
• Gained hands-on experience working with APIs and structured data workflows.

Technical Skills
